ABOUT US

Myda Risk & Safety Sdn. Bhd. is a professional service provider specialising in tank cleaning and confined space services for various industrial sectors. We are committed to delivering reliable, efficient and safety-driven solutions that meet our clients' operational requirements.

With a strong focus on occupational safety, service quality and operational excellence, we ensure that every project is carefully planned and executed in accordance with established safety procedures and applicable industry requirements. Our operations are supported by competent personnel, appropriate equipment and a systematic approach to ensure safe and effective service delivery.

At Myda Risk & Safety, we believe that safety and quality go hand in hand. Through continuous improvement, professionalism and dedication, we strive to build lasting partnerships with our clients and establish ourselves as a trusted partner in industrial tank cleaning and confined space operations.

OUR VISION

- To be Malaysia's leading provider of industrial tank and facility cleaning services, recognized for our commitment to safety, expertise, flexible and high quality solutions tailored to the needs of the industries

OUR MISSION

- To deliver safe, efficient and reliable industrial cleaning services through our trained personnel, alternative methods, and strong commitment to customer satisfaction.
- To support Malaysia's industries by maintaining the standard of safety, quality and environment responsibility
